THE WURTEMBERG ELECTRO-PLATE-CO.

91 FORE-STREET

LONDON E.C.

CATALOGUE 1900.

[8557]

NOTICE.

In preparing this catalogue our object has been to place in the hands of our customers a book, containing illustrations of those of our manufactures, that are in demand in Great Britain and the British Colonies, and in issuing same, we beg to infom our clients, that it is by no means a complete list of our Electro plated manufactures, as we are producing every kind of Electro plated goods, from the plainest table ware to the most artistic and elaborate decorative pieces.

Buyers, who cannot find in our books the exact articles required, may rest assured, that, if they favour us with their open orders, the latter will be executed to their fullest satisfaction.

Every six months, we are bringing out a large number of new goods, which can always be seen at our extensive London showrooms, and we invite our customers most cordially to inspect these showrooms at frequent intervals. They contain a large and varied assortment of useful goods and novelties, from which we are always ready to supply urgent orders.

Our different articles are plated in 3 qualities:

-0- quality (first) is extra heavy plating,
-I/0- „ (second) is good, heavy plating,
-I- „ (third) is good plating

and the quality in which each article is quoted, may be relied upon, from our long experience, of being adapted to its uses and of being thoroughly serviceable.

TERMS.

Our prices are understood free at London, Hamburg, Bremen, Antwerp or Triest and are subject to 2 1/2 % discount for cash within 30 days from date of invoice.

Shipping orders, unless they are sent through an English export firm, are executed only, if they are accompanied by remittance, or for cash against documents, with 2 1/2 % discount if paid in England, or quite net cash if paid at destination. All orders are to be sent to our London house and should state exactly the definition and number of each article; and if the latter is made in different ways, whether it is wanted white, oxydized, gilt inside, partial gilt etc., also full instructions as to packing and forwarding, as we are not liable for loss or damage caused by incorrect or insufficient instructions.

Every attention is paid to the proper execution of orders; goods are very carefully packed and forwarded on account and at the risk of customers; we are not responsible for breakage or loss in transit.

Claims of any kind must be made within 8 days from the receipt of the goods, or else they cannot be entertained.

No, 206. Flower Dish designed after the style of Louis XIV.
It consists of a highly decorated conventional boat, drawn by a pair of very animated sea-horses, led by finely-modelled mermaids and helped along by muscular tritons. In the prow of the strange barque is a little cupid holding aloft a flambeau, whilst in the bow sits Victory attended by youthful cherubs. The height is 29 inches and the total length 31 inches.
Silver plated and oxydized; I/o quality; with dark blue glass lining for the boat.

An ideal and most artistic table decoration!

Complete 1050/- each. Artificial flowers for do. 42/- extra.

High-Class Table Electro
Plate and Cutlery.

Fancy and Artistic
Electro Plate.

Galvano Bronzes,
Electric Light Figures,
Fountain Figures,

Copper, Brass, Nickel
and Tin Ware.

91 Fore Street.
London, E.C.

May 1900

Dear Sirs,

We have much pleasure in handing you herewith our new Illustrated Catalogue 1900, with supplements, of Electro silver plated goods and Cutlery.

You will find, that we have added to our many productions a great number of useful and decorative pieces, particularly suitable for the British colonies and we beg to call your attention to the lists of our Cruet stands, Biscuit boxes, Butter, Entrée and Vegetable dishes, Teapots, Tea & Coffee sets, Spoons, Forks, Knives, Fish eaters and all other kinds of table ware or hotel goods.

We offer you 50 % discount off all prices and 2½% cash discount, if paid in London, on shipment, or Net cash against documents if paid at destination. New customers should send their orders through London Export firms, or accompanied by remittance or Banker's credit.

Our goods are, by this time, well known for their quality, workmanship and finish, whereas our artistic designs and beautiful patterns are admitted to be unrivalled.

As all articles in our new books have been specially adapted to the requirements of buyers in the British colonies, we hope to be favoured with an increase of your general orders.

We most particularly wish to point out to you, that we can supply you with any kind of Electro plate and cutlery and if you do not find in our books what you want, kindly furnish us with full particulars of what is required and you may rely upon receiving the right goods at the right prices.

Whenever you should be visiting England, we should consider it a favour, if you would not fail to inspect our extensive show rooms at above address.

This Catalogue cancels all previous issues.

Thanking you for past favours and soliciting a continuance of same,

We are, dear Sirs,

Yours faithfully,

THE WURTEMBERG ELECTRO PLATE CO:

C. F. Finzel,

Manager.

Catalogues of our Copper, Brass and Nickel-plated goods, or of our Galvano-Bronzes, will be sent on application.
